WILSON'S PATENT VENTILATING SPIRAL CHIMNEY POT, for the cure of smoky chimneys manufactured by J. PORTER, is the ONLY article for the purpose which assists the draft of the chimney by an external propelling power. This Chimney-pot is not only the best and most effectual ever invented for the purpose named, but stands unrivalled in its ornamental appearance. The public may be supplied with the above useful article by any of the respectable ironmongers, or at the sole manufactory, Southwark-bridge Iron Working Works.
